General Remarks.

In presenting to the public their Annual Catalogue, the Board of Managers would announce that a full corps of competent teachers has been secured. Prof. Love still retains the position which he has occupied for the past few years. His associate will be Mr. Geo. M'Cormick, an Alumnus of Amherst College, Mass., and an experienced teacher.

Lessons in Instrumental Music will be given by Miss Mattie M'Clelland.

The Board, desirous of maintaining an Institution fully up with the progress of the times, organized, in the latter part of last sum-

mer, a Normal Department in connection with the Institution. It was believed that this new feature would meet a want deeply felt by the community, and especially by the teachers in our Public Schools. This Department will still be continued. Special attention will be given to the qualifying of students for prosecuting the important business of teaching in the Public Schools. Young ladies and gentlemen, therefore, looking forward to the teacher's profession, will find it to their interest to patronize this Institution. The success of our students as teachers shows that our labors, in this respect, have not been in vain.

Good boarding can be had on reasonable terms. Many students board themselves and thus economize their means. Rooms can be obtained for this purpose.

Rates of Tuition.

PER SESSION OF 20 WEEKS.

Common School Branches	$ 8 00
